England and Russia at a Deadlock—Austria and Germany Opposed to English Demands.

LONDON, March 20.—A dispatch from Vienna says the deadlock between Russia and England is complete.

Austria and Germany are altogether opposed to England's demand. Austria has been confidentially informed of the conditions of peace, and considers them on the whole moderate and susceptible of further modifications at the congress.

LONDON, March 20.—A Vienna letter to the Political Correspondence from St. Petersburg states that Russia is not disposed to comply with the imperative orders given to her by England before the opening of the congress. England's course would only render a meeting of the congress nugatory.

SHERMAN'S VIEWS.

Views of Our Finance Minister on the House Repeal Bill.

WASHINGTON, March 19.—The Senate Committee on Finance to-day heard Secretary Sherman in opposition to the House Bill which proposes to repeal the specie resumption act. Questions discussed related to the practicability of specie payments and the effects of the silver bill on resumption and whether the bill assisted or retarded resumption, the amount of gold and silver in the treasury and in the country, and cognate questions. The members made inquiries, and the secretary replied, taking the ground that the resumption of silver was a good thing, and the silver bill did some good and some harm; one way in which it was harmful was in the return of bonds from abroad, but it promised good by increasing foreign confidence in our bonds by reason of the fact that our own people took them up in large quantities. He was strongly opposed to the repeal of the resumption act; he stated that the resumption of specie payment could not be permanently maintained without retaining its legal tender function for about three hundred million dollars of United States notes; in other words that the legal tender notes after reaching par should be paid out again for government disbursements.

COLONEL POLK.

Report of the Committee on Reform of the Civil Service.

WASHINGTON, March 19.—The Committee on Reform in the Civil Service to-day made a report on the charges against Doorkeeper Polk, in which they say Colonel Polk does not deny the major part of the findings in the report, but in extenuation he pleads the necessities of his department—rawness in position, the clamor of needy applicants, and past custom. The Committee believe that with proper handling the lawful force under the Doorkeeper has been quite sufficient, and think it was his duty to find out as early as practicable whether or not it was sufficient, and in no event to act until authorized to do so by resolution of the House, but that no rawness in office and no custom can be set up in defense of the palpable violation of known laws. The utter disregard of legal restraints shown by Colonel Polk; his open violation of known law, to say nothing of his inefficiency as shown throughout his testimony, render him, in the opinion of the Committee, unfit for the responsible and delicate position of Doorkeeper.

Heated Debate in the Senate on a Resolution to Prevent Depredations on the Public Domain.

WASHINGTON, March 19.—There was a heated debate in the Senate to-day over the clause in the appropriation bill which was under consideration, providing money for Secretary Schurz to carry out his prosecutions of timber thieves. Messrs. Blaine and Sargent were particularly severe on Schurz, and the Secretary seemed to lack defenders. Mr. Sargent touched Mr. Dawes' sensitive nature by reflecting upon Massachusetts, and they had an exciting exchange of words.

FOR AMERICA.

Shipments of Silver From Europe to the United States.

LONDON, March 19.—The Daily News, in a financial article says the United States is said to be the purchaser of silver, and the announcement of the arrival at Queens-town of a steamer from New York with \$500,000 of this metal has been made. It would be interesting to know if this consignment proceeded to the United States or was disembarked at Queens-town. It would not be the first time, latter course has been adopted. It is curious, contemporaneously with this export, that \$250,000 was shipped last week from New York to this side.

LEGISLATURE.

State Geologist Chamberlin Granted Leave to Visit Paris.

A Thirty Mile State Park in Lincoln County.

The School Book Commission Reconsidered and Passed.

Closing up the Business of the Session—which will End Tomorrow.

MADISON.

Special dispatch to the Janesville Gazette SENATE.

MADISON, March 20th. State Geologist Chamberlin was granted leave of absence to visit the Paris Exposition.

Providing for a State Park thirty miles square, at the headwaters of the Wisconsin river, in Lincoln county.

Bill revising the system of assessment and collection of taxes which has been the bone of contention for nearly two weeks, was finally settled by a committee in conference.

The Secretary of State sent in a statement of the bonded indebtedness of cities and counties in the State, on January first.

The Assembly resolution relative to a final adjournment was concurred in.

Resolutions of thanks were passed to the newspaper representatives; President pro tem Barden; Chief Clerk Bross, and Sergeant Brayton.

A joint resolution was introduced and passed fixing the limit for the transaction of business at five p. m., and for final adjournment at eleven o'clock to-morrow morning.

Nothing else of importance was transacted.

AN INTERESTING LETTER BY MR. HAYES.

Brought to Light by Minister Birney, at the Hague.

My acquaintance with President Hayes dates back to the period when he entered upon his professional career at the Cincinnati bar. There are few men who possess greater quantity of temperament and more of self-control. As illustrative of these traits I will take the liberty to quote a remark that occurs in one of his personal letters to me, written in February, 1877, and before he knew whether he would be President, and at a time when the country was under the most intense excitement as to the result of the Electoral Commission, and when even revolutionary measures were apprehended. He said: "We are now in the midst of the great lawsuit, with the same doubts resting over the result which have for some weeks prevailed. But it must be soon decided, and any event I shall be personally relieved. I have succeeded in keeping cool through it all. It has required effort, but in such cases a successful effort has its reward."

The Stinging Sensation

In the guttlet called "heartburn," (why, it is impossible to conceive, since the heart has nothing to do with it,) is caused by the acetous fermentation in the stomach of the food contained in it; by an overplus of the gastric juice, which is 20 per cent powerful acid, or by the unassisted acid quality of that secretion. The ordinary way of treating this symptom, for it is nothing else, is to administer bicarbonate of soda, an alkali, to neutralize the acid. But such cannot be cured by alkalis, which tend to weaken the digestive apparatus. A far better remedy is Hostetter's Stomach Bitters, which, strengthens the cellular membrane, the seat of the difficulty, regulates the flow of the gastric secretion, improves the quality of vitiated, and puts the stomach in good working order. Perfect digestion follows as a natural sequence, and there is no more trouble from heartburn or sour stomach. The liver and bowels are also thoroughly regulated by this sovereign alternative. 319doadaw

BRIEFLETS.

—Bainy spring.
—Duck is flying.
—Choke the mules.
—Fine weather for the carmen.
—The jail is literally packed with inmates.
—Time flies and will soon bring fly times.
—Only two of the tramp family arrived last night, and they were not bad fellows.
—The Young Men's Christian Association meet this evening at half-past seven o'clock in their room.
—A large number of Old Fellows went to Milton, this afternoon, to attend the funeral services of Mr. Fuller.
—All the subscribers to the State fair fund are requested to meet at the Myers house to-morrow evening at 8 o'clock.
—There are sixteen ladies and thirty-four gents who can have letters by calling at the postoffice and saying "advertised."
—A fellow giving his name as Harry Boyle, was found drunk in Jackman's barn to-day, and was led away to Colley's cooler.
—The Round Table meets to-night to discuss "Literary Dictation," in accordance with the programme already published in the Gazette.
—George J. Kellogg, the nurseryman, is celebrating his semi-centennial birthday to-day and has for his guests a number of relatives from elsewhere.
—The Sons of Temperance profited \$15 by the lecture given them by Rev. Mr. Jones, the other evening, besides the intellectual and moral profit resulting therefrom.
—The tramps now in jail are anxiously inquiring why they are not brought up for trial. They may not be as anxious after they get dressed up with a ball and chain and put to work.
—Ed. Whitton has decided to quit the lamp business, and has arranged to enter the employ of Croft & Sherer, and learn the mysteries of the drug business. His many friends wish him success.
—Six prisoners are at work to-day picking up stones on Main street. They are bossed by the new overseers elected last night, and at time of going to press had not been given any chance to get drunk.
—Remember that the Edwin Clifford dramatic company appears in Ingomar at the opera house to-night. Miss Amelia Watts with the strong support afforded by Edwin Clifford and other accomplished artists will make a rattling good entertainment. Miss Clara A. Judd, of this city, will also appear.
—L. C. Knudson has given up the retail cigar and tobacco business and will hereafter give his whole attention to manufacturing cigars. He has moved into commodious apartments in Smith & Jackman's block, and will doubtless continue to meet the success which his popularity and business ability so justly merit.
—Dr. W. B. Morgan, who has just graduated with such high honors at the Homeopathic Medical College, of Missouri, being valedictorian of his class, and winner of the Eckel prize, is a son of the worthy County Clerk, Sylvester Morgan. Dr. Morgan has accepted a professorship in the college from which he graduated.
—Deputy Sheriff Comstock has returned from La Crosse bringing with him the man Custer, the patent right man, whom he arrested on a warrant sworn out by Z. Curtis, charging him with obtaining money and property under false pretences. Custer says he is going to employ a prominent Chicago lawyer to defend him, and expects to be cleared.
—The members of Washington Engine Company No. 1 met last evening at their house and unanimously elected as Foreman John Kelly; Assistant Foreman, A. W. Bauman; Secretary, William Brooks; Treasurer, Will Briggs. The election passed off with the quietness and harmony which generally characterizes the business meetings of that company.
—Richard Dunn and Charles Puffer, a couple of lads of tender years, were before Justice Patten, this morning, charged with throwing stones at Mrs. Finch's residence, on Franklin street, and breaking out some window-panes and sash. The boys proved such a strong whiff that the Justice is still puzzled, and has not decided which pan of the scales has the biggest lump of evidence.
—Johnnie Ward knocked off work in the Gazette office to-day, and started for a few days hunt at Koshkonong. Next Monday he will start for the East, and expects to reach Binghampton in time to commence his work as pitcher for that club on or before the middle of April. The Binghampton will find Ward not only a good pitcher, but very much of a gentleman. His Janesville friends wish him luck.
—The public need not be urged to go and see Uncle Tom's Cabin, with Lottie as Topsy, next Saturday night at the Opera house. Lottie is immense, and everyone knows it. Those who have seen her, never tire of seeing her again, and the play itself, though old, seems to lose none of its freshness and thrilling effect. It is expected that a large audience will greet the company. The support is strong, and the castle well made up.
—The next lecture by Mrs. Abby Sage Richardson will be on the "English Ballads and Song Writers of the Sixteenth and Seventeenth Centuries," next Thursday evening. Those who are in anyway interested in literature cannot afford to miss this rare treat, and those who are lukewarm should surely go, as there is no more sure way of having the literary appetite quickened than to hear this lady. She is thoroughly conversant with her subjects, and handles them ably.

CLIFFORD'S DRAMATIC COMPANY.

Last night at the Opera house the Edwin Clifford dramatic company appeared in "Camille." The house was much lighter than the character of the entertainment merited. Miss Amelia Watts, who has not appeared on the stage since eight years ago, showed wonderful dramatic power, and a creditable conception of the strange character of Camille, and divided the favoritism of the audience with Edwin Clifford, who appeared as Armand. In some portions of the play Miss Watts showed up very strong indeed, and called forth enthusiastic applause. The rapid transits from the outward fickleness, recklessness, and coquetry of Camille's character, to the revelation of the true inward constancy of heart and tenderness, were ably depicted. Mr. Clifford, as Armand, was also in parts very strong, but in others seemed a little slow and heavy, for an enthusiastic lover. Mr. W. H. Cooper provided a rather weak Count de Varville. J. P. Kibbourne as Gaston and Henry Wesley as Mon. Dural were very good, and Miss Ada Coleman as a vivacious and sprightly Madame Prudence. Considerable interest was manifested in the debut of Miss Clara A. Judd, of this city, as Nichette. There was some disappointment felt. The fact that she was being closely watched by a home audience had doubtless much of an embarrassing effect upon the young lady, but she rallied nobly, and before the curtain fell, proved herself mistress of the situation. In some parts she showed some dramatic power, and with more drill and experience will perhaps become a favorite. The play itself is an old one, and presenting but little chance for scenic effect, is therefore one needing the very best artists and a strong support to make it thrill an audience. The first two acts dragged rather heavily, but in the last three the company showed itself strong and well up in their parts. It is gratifying that to-night a much more popular and thrilling play will be produced, and one more adapted to the company. It is "Ingomar," a beautiful classic play translated from the German by Maria Lovell. It is entirely different in its tone from last night's entertainment, and will doubtless captivate the audience as it has in so many other cities. With Miss Watts as the Greek maiden, and with Clifford as Ingomar, with a strong support, it will doubtless prove highly interesting.

OF INTEREST TO THE FARMERS.

The Harris Manufacturing Company is sending out a large number of its seeders, known as the Prairie City Broadcast Seed. Many improvements have been made which justify the manufacturers in claiming that it is the best in the market. It has a perfect force feed, steel driving shafts and tempered shoes or shovels, and is so arranged that no change of gear wheels is necessary to increase or diminish the quantity sown per acre. The Harris Manufacturing Company has since its first organization shown remarkable enterprise, and seems determined to meet the demands of the best farmers. No money or labor is spared in making improvements, and the company, besides having the advantage of the best kind of manufacturing machinery, employs experienced workmen, so that whatever they make is made "on honor."

CROFT ON PICKET DUTY.

Tom Croft, the druggist, has a colt which he has been breaking. This morning the colt thought he would change about, and try to break Tom. A baby carriage on Main street served as an excuse for the colt and he started on the dead run dragging after him a brain new buggy in which Croft was seated, vainly trying to guide the young steed. The colt finally tired, and coolly dumped out the druggist, landing him on top of Charlie Conrad's picket fence. He struck on his back across the sharp pointed stakes and was badly shaken up, but miraculously escaped without any very serious damages. The colt wended its way a little further down the street and was finally stopped before any further damage was done except a bankrupted dashboard.

COLD-WATER YOUTHS.

The Sons of Temperance have organized a section of Cadets of Temperance for the young folks who have not received the age of fourteen, the age required to join the Sons. The object of the juvenile organization is to train up the young in the way they shall go. A regular initiation service is had, and the order is a secret one, with signs and pass-words. The Cadets start out with eight charter members and will meet next Sunday afternoon at 4 o'clock at the Sons of Temperance rooms. Mr. A. Alden offered a new trade dollar to the youth bringing in the most names for membership this week, and the young folks have been working most enthusiastically, so that it is probable that next Sunday will see a large addition to their numbers.

FUSS ABOUT THE FARM.

W. N. Thompson rented a farm of J. B. Hyzer, with the understanding, as the latter claims, that when Hyzer wanted to sell, Thompson would give up possession. Hyzer found a purchaser in Jerry Dayton who moved on to the place. Thompson refused to move off, and had Dayton brought before Justice Balch on a charge of trespass. Dayton was found guilty of trespass and made to pay the costs. Hyzer then commenced a suit against Thompson to secure a settlement of what he supposed Thompson owed him for the rent, &c., but the jury yesterday turned the tables upon him and found a verdict against Hyzer for \$10. Thompson still retains possession of the farm and the owner would be purchaser are in a mixed state of perplexity as to what it is best to do about it. If an appeal is taken, as is probable, the case will become still more mixed and perplexing.

Held for Burglary.

The prisoner who is charged with burglarizing Mr. Bush's house, it seems, is George White. As he had on Mr. Bush's overcoat, the case will probably go hard against him. When arrested he was armed with a revolver, a razor, and a dirk. On being brought up before Justice Patten, this morning, he

was bound over to the Criminal Court in the sum of \$300 to answer to burglary. Word has been received from Woodstock, (where White and his companion were wanted for burglary) that unless there could be found in their possession some of the stolen goods, the officers did not think it worth while to come up after the fellows.

THE GUARDIANS.

Special Session—Official Notice of Charter Election—Reports—Confirmation of Officers of Fire Department—Tramps—Overseers—Miscellaneous Business.

The Common Council was convened in special session last evening, at which all the members were present except Ald. Fitzgibbons, Judd and Wilcox. Mayor Norcross stated that he had convened the Council that the proper authority might be given the Clerk to give notice of the charter elections, and that the Council might take some action in relation to "Tramps" a number of whom had recently arrived in the city.

The regular rules of the Council were adopted. Ald. Blount introduced an order instructing the City Clerk to publish a notice of the charter election, April 23, and naming the officers to be elected, and the polling places in the different wards. The order was adopted.

The City Treasurer's report to March 19, and the annual report of that officer, were presented and referred.

A communication from the officers of the Fire Department, transmitting the result of the election of engineers, was read, which recommended the appointment of R. P. Young, as Chief, Wm. Cunningham, as First Assistant, and H. W. Dewey, Second Assistant. After some remarks the nominations were confirmed.

The February report of the Police Justice was presented and referred.

The Mayor made a statement in relation to the number of tramps arriving in the city, and made some suggestions in relation to compelling them to work.

Ald. Davies moved that the Mayor, Police Committee and Sheriff Collet be authorized to employ two competent persons to oversee prisoners until some other arrangements could be made with the county.

Ald. McKinney moved to amend that the Council elect two persons to take charge of the same. Amendment adopted, 4 to 3.

The motion as amended was then adopted by the same vote.

The Council then commenced voting for the two persons called for in the motion, as follows—Ald. McKinney and Hutchinson, tellers.

Whole No. of votes..... 7
Fred Putnam..... 3
A. J. Glass..... 3
N. Gillespie..... 1

SECOND BALLOT.

Putnam..... 3
Glass..... 4

A. J. Glass was declared elected, as one of the overseers.

THIRD BALLOT.

Whole No. of votes..... 6
Fred Putnam..... 6

Fred Putnam was declared elected as overseer.

Ald. Davies moved that the prisoners be kept at work in the gravel pits and on the streets. Adopted.

Ald. Blount introduced an order remitting certain penalties incurred on the assessment of Wisconsin street grade. Adopted.

Also that certain illegal tax certificates be cancelled. Adopted.

The Council adjourned.

TRAMPS SHOULD WORK.

To the Editor.

I notice in your last evening's paper that our city officials have concluded that tramps and criminals should work for their daily bread like the rest of us, and that they shall wear the chain and ball to denote that they are the guests of our County House. It is right. Why should not sinners be obliged to work as well as saints? To manage this matter otherwise is to offer a premium of support for laziness and crime. These guests can never be worked as hard in the quarry as most of the taxpayers are working to support them. For one I am glad the City Government are taking a healthy view of the subject. The charity that shrinks from this is a weak and sickly sentiment. LABORER.

EMERALD GROVE.

—On the 13th inst. Mr. Marion Smith and Miss Julia Dykeman were married at the residence of Mr. Dykeman, in Bradford Center. Rev. W. T. Miller tied the knot.

—The cheese factory to be built on the farm of S. S. Cuckoo is a sure thing. It is to be in charge of Mr. Davis of Allen's Grove, which is a sure guarantee of the cheese being No. 1. He is an old hand at the business.

—The winter term of our school closed last Friday. The exercises passed off very pleasantly and were very entertaining. There will be a vacation of three weeks before the spring term commences. Mr. Adams the teacher desires to meet all who are interested in forming a class to receive instruction in book-keeping, writing and business forms etc. the instruction will be made as practical as possible, instruction to be given on Saturday evenings for each week for four weeks, all interested will please meet at the school house next Saturday evening.

—On account of the illness of Rev. W. T. Miller, the two congregations united last Sunday morning and listened to a very able sermon by Rev. G. Rindell. Mr. Miller is reported to be slowly improving.

—Russell Cheney and wife, who have been living with their son at Bloomington this winter, returned last week.

—Loren Cheney has very much improved his residence by painting.

—Mrs. Robert Jones goes to Maunson, Iowa, this week to visit her three weeks before the spring term commences.

—Rev. W. T. Miller and wife wish to express their thanks to the people of Emerald Grove and vicinity for the expression of their kindly wishes in a donation on the afternoon and evening of March 6th in the sum of \$50, mostly cash.

CLINTON.

—The largest, finest, and best selected variety of wall paper, consisting of gilt, satin, white, buff and brown, in Clinton can be found at Shell's.

—There are now indications that there will be in time dry roads once more, but it is about five months since they were dry, so when they are frozen and so rough as to be almost impassable.

—Plowing and sowing is progressing but slowly on account of too frequent showers.

—If the weather continues favorable there is a probability that the Clinton

cheese factory will be open for business about the first of April.

—Deacon Wooster is said to be enlightening the people of Colorado on the green-back theory, growing eloquent as he stalks up and down the rostrum telling them how to make money plenty with linen rags and printers' ink.

—Harvey M. Williams and Miss Carrie Lampher have been made one.

—Mrs. Esther Eldridge, of Evansville, visited her sister, Mrs. Julia Case, last week.

—There are many who regret that the weather, the roads and business prevented an attendance at the King-Carr wedding at Pomona Hall, but the happy couple have their well-wishes just the same.

—L. M. Hammond's house and lot in the village of Clinton is for sale; also 93 acres in Bradford known as the Willis stone quarry lot. For terms inquire of D. G. Cheever at the drugstore.

—The editor of the Independent was home from Madison last week on a sick furlough, but a mother's careful nursing enabled him to return to his post of duty again.

—A little more left of that beautiful wall paper at Covert & Cheever's drugstore.

—Miss Anna Regart is now home from a long visit to Elder Jones' family at Columbus, Wis., where she insists that she had a happy time.

—The addition to E. J. Hookinson's house is up and enclosed. The addition to the stores of Dickerman & Edwards, and C. P. Drake are being pushed along with rapidity.

—Descon Bruce has completed a fine new fence in front of his residence on Quality hill.

—The Methodist parsonage now boasts of an excellent well about eighty feet deep.

—Rev. Mr. Marston, of Norwood Park, Ill., supplied the Baptist pulpit last Sunday, both morning and evening, and proved to be an acceptable speaker. There is a possibility that he may be Elder Stearn's successor.

—Hannington, the city cooper, is making preparations to do a larger business than ever the coming season.

—Henry Richardson, Esq., of Evansville, made his old Clinton friends a hasty visit Monday.

—Mrs. Lavina Hammond and her sons, George and Lewis arrived in town on Wednesday of last week, and spent several days visiting their old friends. A portion of their time was spent in packing household goods at the old family residence, which is now vacated and in the market to be sold, as Mrs. Hammond has concluded to make her home with her son George, in Lyons, Iowa. This will be unwelcome news to many, as the family have been identified with the business, social and religious interests of Clinton for twenty-five years, and their memories are entwined in the affections of very many of our people. The hearty "God bless you" will follow them as they go.

CITY NOTICES.

No Lady's Toilet Complete

Unless there be the fragrant Soudont; unto the breath sweet odors it imparts, the gums a ruby redness soon assume, the teeth quick rival alabaster tint, and seem as pearls set in a coral vase.

Spalding's Glue, cheap, convenient, useful.

BLANK BOOKS.

Another large invoice of blank books just received at Sutherland's book store. The large sales of blank books, time book, memoranda, blank notes, drafts, &c., by this house, indicate that the place to get a good assortment of these goods and at reasonable prices is at Sutherland's book store.

James Helms has a good assortment of implements, hardware, grass and garden seeds. Landreth's garden seeds a specialty. Also a good stock of Ghidde's steel barb fence wire.

LOCAL MATTERS.

Ladies and Gents will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No 29, Main street. 7-1841W

The Princess Yrtrabide, daughter of the ex-emperor of Mexico, while in Philadelphia occupied rooms at the Coleman hotel, and paid high compliments to its excellent management and quiet comfort. 2-1841W

An experienced traveler says: "After a week's sojourn at the Grand Central Hotel, I have no hesitation in saying that it is the cheapest and best first class hotel in New York."

Diseases of the Lungs, Chest and Throat are so prevalent in our ever changing climate, that such a medicine as Dr. Marshall's Lung Syrup is invaluable to the whole community. It cures almost instantly. Price 25 cents. Sold by E. B. Heimstreet. 3-1841W

It is certainly hard to break up old habits, but we know if our lady readers would but black one store with the Brazilian Vaseline Stone Polish, all powdered ready to use, they would break away from the habit of using cake polish forever. Nash, Vankirk, Dutton, and Davies sell the Brazilian. 3-1841W

We can safely assert that Dr. Marshall's Lung Syrup is the best remedy for Coughs, Colds, Bronchitis, and all pulmonary complaints. It is for your druggist and try a bottle. The price is only 25 cents. Sold by E. B. Heimstreet. 3-1841W

Dunbar's Wonderful Discovery.—Be-theoda Water, the acknowledged cure of Bright's Disease, Diabetes, Kidney Affections of all natures and kinds, Dropsy, Incontinence of Urine, Bilious Affections, Dyspepsia and Gouty Strivings. E. B. HEIMSTREET, Sole Agent for this City. 3-1841W

A CARD.
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. J. S. T. Linn, Station D, Bible House New York City. sep1841W

A Remarkable Result.
It makes no difference how many physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boscho's German Syrup. To all such we would say that 30,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all druggists in America. dec30ed-1878

Beyond the Reach of Human Skill
Is the power to restore the hair to bald heads when the hair has not been destroyed by age or disease, but there are doubtless many persons becoming bald, whose hair by careful attention might be restored to its original luxuriance and beauty. Parker's Hair Balsam is an elegant preparation, designed to meet the public want for a harmless hair dressing and restorative. It acts like magic, commencing at the very roots, removes Dandruff, and all humors from the scalp, and never fails to restore gray or faded hair to the original color, and the soft, rich and glossy appearance of youth. By its occasional use, the hair is immediately renewed, and its luxuriance and beautiful growth of young hair is insured. The exquisite perfume and the purity of its composition are highly appreciated, and as it is not a dye and does not stain the skin or clothing, it is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist, A. J. Roberts, Janesville, Wis., and test its merits. jan20ed-1878
